Dear Forrestville Valley Community,

The following is our data for the week of February 18, 2022:

**Transmission status remains LOW**  
**DISTRICT PERCENT 0.80%**

As of last evening, the 4<sup>th</sup> District Appellate Court ruled to dismiss the appeal related to covid mitigations. This decision was reached after the Joint Committee on Administrative Rules (JCAR) suspended the renewal of emergency mask mandate earlier this week. Forrestville Valley will implement local control in regard to all mitigation measures and we will post our weekly transmission levels at all building sites. Please note this does not change testing for students/staff with symptoms or quarantine periods for positive cases and household contacts.

This recent court decision does not apply to district transportation. Students and staff are REQUIRED to mask while participating in all district transportation. This federal TSA mandate is currently in place until Friday, March 18<sup>th</sup>.

Again, we want to thank you for your patience throughout the school year. Our goal is to continue to move forward with as little disruption to education as possible. We will continue to communicate our case numbers weekly and ask you to implement masking and other mitigations strategies based on our local data and in the best interests of your family.

As a reminder, there is no school on Monday, February 21<sup>st</sup>. May you have a wonderful long weekend ahead.

Sincerely,

*Mrs. Smith*
