

# FORRESTVILLE VALLEY SCHOOL DISTRICT #221

---

October 02, 2023

Dear Forrestville Valley families,

I am happy to announce that Ogle County Health Department will be coming to Forreston Grade School and Forreston Junior Senior High School on Wednesday, October 18<sup>th</sup>, to offer our students flu vaccinations. Flu vaccinations are approved for anyone 6 months and older. If you are interested in having your student receive the flu vaccination at school, please complete the attached flu vaccination consent form and include a copy of your insurance card. All completed consents are due to the school by Wednesday, October 11<sup>th</sup>. If your insurance does not cover flu vaccinations and you wish to pay out of pocket, the cost of the vaccination is \$35.00. Checks should be made out to Ogle County Health Department.

**Please note the following:**

If your student is allergic to eggs, Ogle County Health Department does not have an alternate vaccine option so your student would not be eligible to participate in this vaccination clinic.

Students who are uncooperative at time of administration will not receive the flu shot. You will be notified if Ogle County Health Department is unable to vaccinate your child so that alternate arrangements can be made.

If you have any questions, please email me at [jnelson@fvdistrict221.org](mailto:jnelson@fvdistrict221.org) or call me at your student's school office.

Thank you,

Jennifer Nelson RN
